RECEIVED

UNIVERSITY OF RHODE ISLAND
FACULTY SENATE

Dr. John Kupa, Chairman
Faculty Senate
Woodward Hall, Campus

Dear John:

As I have indicated to the Faculty Senate before, I have held Senate Bills #169 and #170 until they could be cleared with the Board of Trustees. You will remember that President Horn submitted these bills in June to Mr. Kelsey for clarification and, with the summer and the change in the chairmanship in September, action on them was sidetracked. I have now discussed them with our new Chancellor and have secured his approval of the wording in these two bills. The two questions that had been raised by former Chairman Kelsey included the term "weighted" average, and the term "salary," as compared to "compensation." The Faculty Senate bills' use of the terms "weighted average salaries comparison" meets the approval of the Chancellor.

Therefore, I have signed these two bills and am returning them to you.

I am also returning Bill #189, titled "Change of Name of Department of Computer Science to 'Department of Computer Science and Experimental Statistics,'" approved. You will remember in my letter to you of November 24, 1967, I indicated that this bill would be placed on the agenda of the Board of Trustees meeting for December 6. In discussing this with the Chancellor, he and I both agreed that this departmental name change did not need to go to the Board for their approval; therefore, I have approved the bill and am returning it to you.

With best wishes,

Cordially yours,

F. Don James
Acting President

BILL #189

The Senate reconsidered its action pertaining to Bill #186 which established a Department of Computer Science. It voted to change the name of the new Department to "Department of Computer Science and Experimental Statistics". The Senate also authorized the following statement: "Encourage the development within this department of a program in experimental statistics, with the idea that, when this program reaches sufficient strength, a separate Department of Statistics will be formed."
